

## Airesun Tool Cleaner

### Biodegradable Speciality Tool Cleaner

#### Description:

Efficient and environmentally safe, Airesun Tool Cleaner is specially formulated to remove even the toughest grease and grime or oxidation from any metal alloy.

Formulated from seed oils, it is petroleum and solvent-free, with no harmful or toxic residue on the tools' surface.

This product is listed by the [NSF](#) as acceptable for use as a soluble oil (H3).

#### Instructions for use:

Spray a small amount of the Airesun Tool Cleaner onto the tool and rub into the soiled area.

Wipe off excess dirt and grime.

Also safe for use in sonic baths–type cleaners.

Once the soil is removed, SE-Tool Cleaner provides a nano-layer of non-toxic protection on the tool surface that is non-corrosive, and non-staining.

#### Applications:

Safely cleans all synthetic or petroleum grease, grime, oils, and oxidation from any metal alloy surface. Use for cleaning tools from a variety of industries from heavy industrial to commercial contractors.
